

COVID RESPONSE TEAM

To help provide care for your COVID positive Residents, Heartland Health Laboratories, Inc. has formed a specialized Phlebotomy COVID Response Team.

**To contract for COVID service, contact HHL Client Care at
913-643-4278 Option 4
clientcare@heartlandhealthlab.net**

COVID RESPONSE TEAM

The Heartland Health Laboratories, Inc. COVID Response Team is available to service your COVID positive and are under investigation for COVID (PUI). The team exclusively services residents who have tested positive or are under investigation for COVID. The team does not draw residents in your general population.

This specialized service is available for scheduled Monday - Friday service only. It is not available for Non-routine or STAT draws.

Our regularly scheduled phlebotomy team does not draw positive COVID residents, nor PUI's in facilities as is directed by the CDC's definition of dedicated care.

To contract for the COVID Response Team, or to answer any questions, have a representative from your facility administration team contact the HHL Client Care team:
